

## Coordinated Entry System Review

It is time to take a comprehensive look into the coordinated entry system for our CoC. To receive the best results from this review, we will need input from every area that makes our system function and from various viewpoints. We are inviting everyone who participates in the coordinated entry system and anyone who has ideas of how we can improve to serve people experiencing homelessness better, with the goal of ending homelessness within our community.

In the following meetings, we will discuss Access Points, the VI-SPDAT, how our CoC Prioritizes for Referrals, the flow of Coordinated Entry, the By-Name Lists, Shelters and Transitional Housing options, Rapid Re-Housing and Permanent Supportive Housing, how we Evaluate Our System, Case Conferencing, Client Input, and Support Services.

Each person may choose one meeting to participate in so that we have room for everyone to be a part of these discussions. This is the information gathering phase of the overall review process. There will be future meetings to discuss the results and recommendations from these sessions.

All in person meetings will take place at The Glasser/Schoenbaum Human Services Center, 1750 17th St Ste J1, Sarasota, FL 34234 – Loevner Room
